

**Issued: October 23, 2017**  
**Trade: Industrial Mechanic (Millwright)**

**To** ITA Training Providers  
Articulation Chair  
System Liaison Person  
School Districts ITA Training Providers

**Subject** **Transition to Harmonized Program**

**From** ITA Program Standards

**Effective Date** **January 1, 2018**

**Information** On May 31, 2017, ITA Program Standards issued [OPSN 2017 007](#), which detailed the changes to the Millwright program as a result of the Harmonization Initiative and announced the implementation of a revised Program Outline, effective January 1, 2018.

Subsequently, Program Standards consulted with the 7 public post-secondary institutions that deliver the Millwright program. We also considered the input of our internal departments. We evaluated a number of scenarios, and the transition plan outlined below was identified as the best option. We have ensured that there are options for all current apprentices to complete their apprenticeships.

ITA will communicate the program changes to all apprentices, employers and other internal and external partners. Please be aware that the transition plan will be re-evaluated and updated as needed over the next five years.

For details, please refer to the Industrial Mechanic (Millwright) Transition Plan September 2017 available at <http://www.itabc.ca/program/industrial-mechanic-millwright>.

**Industrial Mechanic (Millwright)  
Transitioning to the Harmonized Program**
