General Transition Information

From January 1, 2021, please begin offering Harmonized Level 4 (HL4) as scheduled. Also, dual stream Current Level 4 (CL4) alongside Harmonized Level 4 (HL4) as needed to accommodate apprentices who have completed Current Level 3 (CL3).

As of January 1, 2021, Current Level 3 (CL3) will no longer be offered.

For information about **how to determine which program to register an apprentice in**, please refer to the [Registration Guide for Training Providers](#), or contact assessments@itabc.ca.

Dual Streaming of CL4 and HL4

- Provide an opportunity for students in both the current and harmonized programs to continue in their program **without transitioning**.
- Delivery method and schedule is up to the training provider. Some options are
 - Deliver the CL4 and HL4 during the same semester.
 - Deliver CL4 in one semester and HL4 in a subsequent semester.
 - Coordinate with another training provider in the same region to offer CL4 at one school and HL4 at the other school.
- ITA is committed to working with training providers to provide pathways for apprentices to complete their training. If you have any questions that relate to the delivery of harmonized programs, please contact the Training Investment Department at investment@ita.bc.ca about funding.

Apprentice Pathways through Dual Streaming

Where dual streaming is indicated in a transition plan, **students must remain in their program; transitioning is not allowed.**

- Apprentices who have completed CL3 **cannot** transition into the harmonized program in Year 4. They must take CL4. **(i.e. CL3 take CL4)** Please do not allow apprentices in the current program to register in HL4 in Year 4, as this will result in substantial gaps in their training.
- Apprentices who complete Harmonized Level 3 (HL3) in Year 3 must go on to take HL4 later. **(i.e. HL3 take HL4)** Students who have completed the previous level in the HL program must take the next level in the HL program. Allowing apprentices to register into the Current level (CL) program will result in substantial gaps in their training.
- When requesting exams, please indicate clearly whether the class has completed CL or HL.
