

Wally Penner

Audit Committee (Chair)

Appointed May 16, 2019, current appointment expires May 1, 2025.

Committee Membership: Audit & Risk (Chair); Governance (Member)

Wally Penner retired as the regional project manager for the Waneta Expansion Project. He previously worked with Columbia Power Corporation in the permitting and construction of the Arrow Lakes Generating Station and the Brilliant Expansion Generating Station.

Working with the trades, Indigenous peoples and local communities on construction projects is his passion. His construction experience began working on the Hugh Keenleyside Dam and road construction for the Ministry of Highways and Forests. His Career also included working as the Regional Development Liaison Officer for the Kootenay Region for 10 years. During this time, he was one of the founding members of the Columbia Basin Trust and was involved in numerous projects in the Columbia Basin.

Mr. Penner has been involved in his community as Chair of the Kootenay Lake District Hospital, Regional Economic Advisory Committee, Nelson Rod, Gun and Conservation Society and served as a Director for the Regional District of Central Kootenay.
