

THE RIGHT SKILLS ► A PROVEN ADVANTAGE

★ OFFICIAL PROGRAM STANDARDS NOTIFICATION ★

Issued: January 10, 2011

Program: Residential Framing Technician

To: All Training Providers
Residential Construction Industry Training Organization (RCITO)
All School Districts

RE: REF: 2011 001
CHANGES TO ASSESSMENT METHOD

Timing: Immediate

Information: Please be advised that, effective immediately, the Industry Training Authority (ITA) Certificate of Qualification (C of Q) examination results for the Residential Framing Technician (RFT) program will no longer be blended with the in-school results to calculate the final program mark and certification result.

Successful completion of the RFT program requires a score of 70% or greater in both the in-school technical training and the ITA C of Q examination.

This change brings the assessment procedure for the RFT program in line with ITA policy.

NOTE: Please refer to previous OPSN # 2010 016 for additional information regarding assessment guidelines.
