

★ OFFICIAL PROGRAM STANDARDS NOTIFICATION ★

Issued: May 15, 2012

Program: Rig Technician

**To:** ITA Training Providers  
Resource Training Organization (RTO)  
ACE IT School Districts

**RE:** REF: 2012 010  
CREDENTIALING EXAMS

**Timing:** Effective: immediately

**Information:** Effective immediately, all apprentices are required to write each of the three Rig Technician level exams in addition to the Interprovincial (IP) Red Seal exam as completion requirements for the Rig Technician program. Each of the three level exams must be written as a completion requirement for the respective level of the program and at Level 3 (Driller) both the Rig Technician Level 3 and Interprovincial (IP) Red Seal exams must be written. A score of 70% or greater is required for a pass on each of these exams. All three level exams and the IP must be completed successfully.

Program standards remain unchanged. The technical training content for Rig Technician apprentices in BC is aligned to the Alberta "Rig Technician Course Outline" which is available online at [www.tradesecrets.gov.ab.ca](http://www.tradesecrets.gov.ab.ca).

All three Rig Technician level exams and the Interprovincial (IP) Red Seal exam may be requested by training providers via the usual ITA procedure. ITA will administer and invigilate these exams and score and record exam results in ITA Direct Access.
